URGENT!!

Dear Client:

The extended deadline for filing partnership/LLC, trust, S-corporation, and C-corporation tax returns is fast approaching. **Please note that the IRS recently changed the filing deadline for all partnership/LLC and trust tax returns from October 15th to September 15th.** S-corporation and C-corporation returns continue to be due on September 15th.

We urge you to be proactive regarding your tax situation by providing us, as soon as possible, with the necessary information, documents, and/or computer files so we can prepare your tax returns in a timely and efficient manner. We are now just five weeks away from this filing deadline, and we encourage you to either bring in your documents or make an appointment now. We realize the filing deadline change to September 15th for partnerships/LLCs may come as a surprise to some, so we want to make sure you are aware of this change. Congress has instituted and the IRS has begun enforcing late filing penalties for all partnerships/LLCs, S-corporations, C-corporations, and trusts. The late filing penalty is \$85 per month per partner/shareholder.

Next month will be extremely busy in our office and we need adequate time to ensure that we can provide you with the highest level of service possible.

As an additional reminder, your personal tax returns are due on October 15th.

We thank you for your continued patronage. Please contact us if you have any questions or comments.

Sincerely,

Ulrich & Associates, PC
